

Our Elected Representatives

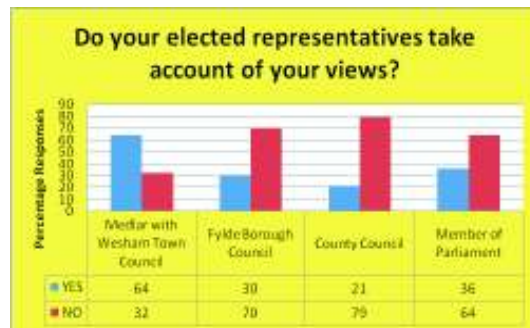

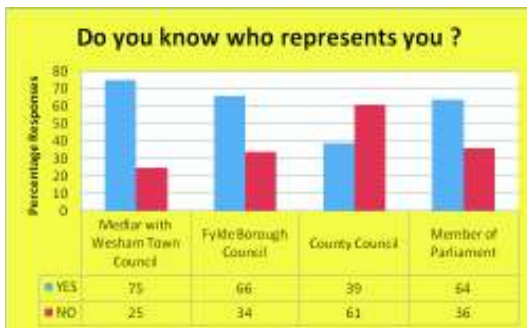

The questionnaire asked about representations at the following authorities:

- Medlar-with-Wesham Town Council
- Fylde Borough Council
- Lancashire County Council
- Member of Parliament

There was a good percentage of people that knew about the Town Council (75%) and Fylde Borough Council (66%) and how to contact them. However, less people agreed that these bodies took account of local views. It is important for the local people to understand how they can interact with their representatives and have the opportunity to discuss matters with them.

The following graphs indicate the distribution of opinions for each authority:

“ I am sure our elected representatives do their best but when progress is slow you don't feel they are listening. I would like one day to feel proud to live in Wesham - at the moment I don't.”

Action

- Ensure that the details of all elected representatives are readily available in as many locations as possible, with telephone numbers, addresses and email details.
- Annual Parish, PACT and regular Town Council meetings should be given as much publicity as possible giving details of date, time and location of such meetings.
