Dear John

Thank you for your letter of 13 November and for your kindness and courtesy in sending me a copy of the Medlar-with-Wesham 2008 Parish Plan.

May I compliment you and whoever has produced the Plan on the competent nature of the recommendations put forward. I very much welcome the emphasis on both the built as well as the natural environment which forms a key part of your recommendations. For someone who has long tried to gain improvements for the station, I was particularly interested in your observations about what further changes ought to be made. I will certainly bear mind what you say on Page 20 of the Plan when I meet early next year with Northern Rail.

I am more than happy to work with the Parish Council if they think that I can be of assistance in helping to turn some of the excellent recommendations in the Plan into reality.

Thank you again for sending me a document which I found most interesting.

Yours sincerely
